“EASY AS PIE” PUDDING

Pudding was a bit of a cheat – store-bought chocolate cake, koeksisters and custard! My go-to “easy as pie” pudding, when I don’t know what else to make ☐

250 ml flour

250 ml sugar

5 ml baking powder

pinch of salt

2 eggs

125 ml milk

3 tablespoons of butter

Mix together, top with tinned fruit of your choice (save liquid for sauce), I used pears.

Bake @ 150 °C for 30- 45 min

Sauce –

1 cup of cream or milk or ideal milk

125 ml sugar

2 tablespoons of butter

juice of tinned fruit

boil together and pour over baked pudding once out of the oven

(Had this recipe for years, so really don’t have the reference anymore)
