

HOME MADE DOG TREATS / TUISGEMAAKTE HONDEBESKUITJIES

HOME MADE DOG TREATS

2 tablespoons of your favorite cooking oil

$\frac{1}{2}$ cup creamy peanut butter

1 cup filtered water

3 cups flour

Mix all the ingredients together in a bowl – I like to use my hands because it's pretty thick.

Grease a cookie sheet (we used olive oil) and “smush” the dough onto the sheet. Cut dough into desired shapes before baking.

I use cookie cutters for treats I plan to give away, but just a pizza cutter for our dogs. Bake for 20 minutes at 180 °C, cool, break apart and serve!

I also freeze them in separate batches (a weeks worth) so the treats stay fresh longer.
